Product Benefits

- Concentrated
- Solid product
- Dispenser controlled
- Reduces rewash
- versatile

KEEP OUT OF REACH OF CHILDREN

DANGER: Contains sodium metasilicate and anionic and non-ionic surfactants. Direct contact with eyes may cause severe damage. Prolonged or repeated contact with skin may cause irritation, redness, or chemical burns. Harmful or fatal if swallowed. Protect eyes and skin from contact with product or its solutions. **FIRST AID: EYES:** Immediately flush with running water for 15 minutes and get medical attention.

EXTERNAL: Immediately flush skin with running water. See physician if burns appear or irritation persists. Remove contaminated clothing and wash before reuse.

INGESTION: If swallowed, DON NOT induce vomiting. Rinse mouth and immediately drink 1-2 glasses of water or milk. Transport to an emergency center for immediate medical attention.

Usage

Suggestions:

Use this product only in an approved dispenser. Remove detergent container cover. Place container open end down in dispenser. When container is empty, carefully lift from dispenser, turn upright and use cover from new container to close empty container. Set dispenser to give 2-4 oz of product for each gallon of hot water in the presoak bath. Allow flatware to soak in bath from 5-10 minutes, depending on degree of soiling. Rinse thoroughly after removing from presoak bath and before running through dish machine. Change presoak solution often for best results
