## INGREDIENTS

Cucumbers, water, distilled vinegar, salt, garlic, calcium chloride, natural flavoring, turmeric oleoresin, polysorbate 80, caramel coloring.

## Storage/Shelf Life

630 days @ 65°F to 75°F

For best flavor impact, pickles should be refrigerated before using. When refrigerating open tins of pickles, cover with plastic wrap or lid to prevent absorption of flavors from other items in the refrigerator. **DO NOT USE FOIL.** If storing for more than a few days, transfer pickles to a glass or ceramic dish. Store pickles with liquid or brine. If pickles are set out in a serving container, the brine should always be used to keep the pickles moist and flavorful.
