Product Benefits

- MAXWELL HOUSE Naturally Decaffeinated Coffee is packed in metalized polyester to preserve its full flavor and extend shelf life.
- MAXWELL HOUSE Naturally Decaffeinated Coffee's patented roasting process expands the "flavor pockets" in the coffee beans before grinding so that more flavor is available in each pound of coffee.
- MAXWELL HOUSE Naturally Decaffeinated Coffee's unique patented roasting process allows operators to use less coffee per brew.
- MAXWELL HOUSE Naturally Decaffeinated Coffee compares favorably with all competitive full-bodied decaffeinated coffees.
