

Dilgard Produce

PRODUCT DESCRIPTION

Onions, Jumbo White

Pk/Size

1, 50 lb

Dilgard #

P00192

White Onion Facts: Available year-round.

Good-quality white onions will be firm, free of blemishes or mold spots and have even colored, paper-dry skin. Some feel that sweeter onions will be flat-shaped from stem to root-end, not round. Store onions in a dry, dark, well-ventilated place; not in the refrigerator. Avoid product that is soft, wet-skinned, bruised, has dark blemishes or spots of mold.

Tips:

To avoid teary eyes, peel onions under cold water. Water washes away volatile sulfur that causes teary eyes.
