Green Leaf Lettuce Facts:

Available year-round from California and Arizona. Washington lettuce is available from May to October. Good-quality green leaf lettuce will have fairly large, loose heads and thick, "crumpled" leaves. The leaves will be medium to dark-green in color blending to nearly white ribs or veins. Scratch the stalk and smell. A sweet or bitter smell means sweet or bitter flavor. Avoid product with thin, wilted leaves and brown spots near the stalk end. Extremely solid, light-colored heads mean all core and less taste.
